

CARACTÈRE

Caractère represents the fusion of two of the most prestigious culinary cultures in the world, namely the French and the Italian one.

The menu changes constantly as it uses only seasonal products, offers traditional dishes such as Pithivier or Risotto, alongside dishes created by the vision of Chef Diego Ferrari and Emily Roux like Celeriac Cacio&Pepe.

*The wine list reflects the same ideology as the menu, with wines of Italian and French heritage only, but with a particular eye to sustainability. The selection created by **Marco Nardi** reflects his passion for wines made "as it once was", without chemical additives and with the least possible intervention.*

*"Beer is made by men, wine by God."
Martin Luther King*

BIODYNAMIC WINE: WINE GROWN UNDER THE PRINCIPLES DICTATED BY THE AUSTRIAN RUDOLF STEINER IN 1920, PROMOTES THE USE OF NATURAL PREPARATIONS TO HELP PLANTS DEVELOP HEALTHY IMMUNE SYSTEM, IT ALSO ENCOURAGE POLY CULTURE AND BIODIVERSITY IN THE VINEYARD

ORGANIC WINE: WINES MADE FROM GRAPES GROWN WITHOUT ARTIFICIAL FERTILISERS, WEED KILLERS, FUNGICIDES OR PESTICIDES. THEY CAN PROTECT THE GRAPES WITH COPPER, SULPHUR DIOXIDE (SO₂) AND VINE TREATMENT MADE FROM VEGETABLES AND MINERAL EXTRACT.

NATURAL WINE: MADE WITHOUT CHEMICAL FERTILISERS OR PESTICIDES IN THE FIELD AND NO FILTRATION, ADDED YEAST, ENZYMES AND VERY LITTLE ADDED SULPHUR.

ORANGE/AMBER WINE: THEY USE THE OLDEST KNOWN METHOD OF PRODUCTION, WHICH GIVES A BUILT-IN PROTECTION TO THE WINES. MADE BY LEAVING WHITE GRAPES IN CONTACT WITH THEIR SKINS (AND SOMETIMES SEEDS AND STALKS) FOR AN EXTENDED PERIOD OF TIME. IT CAN BE SAID THAT THEY ARE WHITE WINES MADE LIKE RED WINES.

Grower Champagnes or Artisan Champagnes: are Champagnes produced by the estate that owns the vineyards where the grapes are grown. *Récoltant-Manipulant* is the term in French, and Grower Champagnes can be identified by "RM" on the wine label.

While large Champagne houses such as Mumm, Moët et Chandon and Veuve Clicquot may use grapes from as many as 80 different vineyards in the Champagne region to create a consistent house style, Grower Champagnes tend to be more terroir-focused, sourced from a single vineyard or closely located vineyards around a village, and made with grapes which vary with each vintage. Today there are over 19,000 independent growers in the Champagne region, accounting for nearly 88% of vineyard land in the region; around 5,000 of these growers produce wine from their own grapes. Of the Champagne imported into the US in 2014, only 5% was Grower Champagne.

Chardonnay grapes were first brought to the region from France around 1900 by Giulio Ferrari when Trento was still part of the Austro-Hungarian Empire. After graduating from the Forschungsanstalt für Garten- und Weinbau in Geisenheim/Rheingau, Germany, Ferrari gained winemaking experience in the French Champagne producing town of Épernay. His eponymous company is now run by the third generation Ferrari's successor, Bruno Lunelli.

Soave DOC: is the principal and most important white wine zone in Veneto, and its wines are comprised of a minimum 70% Garganega and a maximum of 30% Trebbiano di Soave and/or Chardonnay (as well as a maximum of 5% other authorized white wine grapes). In the classico area the vines are cultivated on volcanic soil, resulting in much deeper and profound wines.

In Italy, Barolo is revered as the King of Wines... and the Wine of Kings

Named after the original founders of the estate, the Avignonesi family, the winery has undergone an exciting journey. Acquired by Virginie Saverys in 2009, Avignonesi has grown in size and become a leader in biodynamic viticulture in Italy. Since the acquisition and Virginie's respect for the ecosystem the winery has started producing and crafting organic wines that are truly authentic, true to their origins yet singular and unique; with the best biodynamic approach. Their wines receive minimal intervention in the cellar! Sustainability also plays a big part in the everyday life at Avignonesi.

Sergio Manetti founded Montevertine in 1967 when Radda, one of the highest and rockiest sites of Chianti Classico, was considered one of the trickiest places to ripen grapes. Today, it offers one of the longest growing seasons of the region.

Leaving the Consorzio in 1981, he had the freedom to use a cépage of 100% Sangiovese for his new project, Le Pergole Torte - which lays claim to being one of the first Super Tuscans.
